REISSUE APPLICATION DECLARATION BY THE INVENTOR

Docket Number (Optional)

R0370-02101

I hereby declare that:

Each inventor's residence, mailing address and citizenship are stated below next to their name.

I believe the inventors named below to be the original and first inventor(s) of the subject matter which is described and claimed in patent number 6,251,107, granted June 26, 2001 and for which a reissue patent is sought on the invention entitled _____

EP CATHETER

the specification of which

☐ is attached hereto.

☒ was filed on June 20, 2003 as reissue application number 10/601,288

and was amended on _____
(If applicable)

I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

☐ I hereby claim foreign priority benefits under 35 U.S.C. 119(a)-(d) or (f), or 365(b). Attached is form PTO/SB/02B (or equivalent) listing the foreign applications.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

☐ by reason of a defective specification or drawing.

☒ by reason of the patentee claiming more or less than he had the right to claim in the patent.

☐ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

New claim 36 is broader than claims 18, 20, 30, and 31 of the Issued Patent in several aspects. The new claim 36 is directed to a disclosed combination which does not require an electrical conductor braided within or into the shaft or a metal band or conducting member over the temperature sensor.

WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application.
